

Dear Parents/Guardians,

1. I would like to inform you that we have identified a few cases of COVID-19 in your child's class over the last 7 days.
2. As an added precaution, to break the chain of transmission, the school will be conducting Home-Based Learning (HBL) for students from the Class 401 from 14 February to 18 February 2022. The school will be ensuring that the affected areas are cleaned and disinfected appropriately.
3. We urge all parents and students to continue playing their part by being socially responsible. If your child feels unwell at any point, your child should seek medical attention immediately. If your child has a positive ART result, but does not have any symptoms, please inform the school, and follow MOH's Protocol 2: i.e. isolate for the next 72 hours and do another ART after that. If the second ART result is negative, your child may return to school. For more information on the 1-2-3 protocols, please refer to <https://www.covid.gov.sg/>.
4. We would like to assure you that the safety of our children is of utmost importance and we will do the necessary to ensure that all the precautionary measures are taken to safeguard their well-being.
5. Thank you for your partnership.

Mr Too Meng Ngee
Vice-Principal (Administration)
