

Dear Parents

We are pleased to inform you that Morning Star Community Services is conducting 3 sessions of the Triple P Level 2 Webinars in May. These three webinars focus on the six key ingredients for positive parenting of teenagers that work together to outline the formula of success in raising teenagers as responsible, competent and connected young adults.

Additionally, Morning Star Community Services is conducting a free Kopi Session for Grandparents on 27 May 2023. The aim is for grandparents to learn ways to bond with grandchildren and meet other grandparents over a cup of coffee.

Please refer to the details in the attachment.
