

## 1. Release of N-Level Results

What are some of the things that I enjoy doing?  
How would I describe my strengths and interests?

Align your strengths and interests with relevant eligible courses offered by various educational institutions.

For instance, if you have an interest in engineering, healthcare, or design, you might find suitable courses at institutions such as ITE.

## 2. Applying for courses through JIE 'N'

How will the programmes offered by education institutions further develop my strengths and interests?

Apply in the 1st JIE main phase in December. Fill in all your 12 JIE choices carefully based on your strengths, interests, and courses you are eligible for as indicated in Form N.

You can refer to CourseFinder (<https://www.moe.gov.sg/coursefinder>) for details on the various courses offered, including information on the subject-specific minimum entry requirements (MERs), and the net aggregate for specific courses based on previous year's JIE.

**“Keep your options open and embrace the possibilities.”**

## 3. During JIE Appeals

Can I appeal for transfer to another course?  
What should I do if I am undecided over what courses to choose?

If you have received a course offer, consider accepting the offer. Following that, you can submit an appeal for an alternative course if you like to request for a change.

While all eligible appeals for transfer will be given due consideration, meeting the minimum entry requirements does not guarantee a place in the course as admission is also subject to available vacancies in open competition.

For additional advice, you can approach your school teachers, ECG counsellor or make an ECG counselling appointment via the ECG Centre @ MOE at (<https://go.gov.sg/moe-ecg-centre>).

## 4. After JIE Appeals

How do I know the outcome of my appeal?  
What happens if my appeal is unsuccessful?

Check the final result of your appeal at <https://istudent.ite.edu.sg> using the given web ID and password. Review your appeal outcome and carefully consider the course you are posted to.

If your initial appeal is unsuccessful, you may submit another appeal online during the final appeal phase. Please refer to the ITE website for details on the dates. To explore possible options, please make an appointment with your ECG Counsellor.
